

THE FIRST FLAG

ENSIGN OF THE DON HOMME
RICHARD.

The interesting relics that are shown by an interesting old lady of Trenton.

It is now more than fifty years since the attention of Trentonians was first attracted by a bustling little lady who had just moved into that town. Sarah Smith Stafford, at the age of 77, is full of the ardor of revolutionary days. She was born in Allentown, N. J., but Trenton has been her residence for half a century. In conversation she is the most affable of ladies, the only difficulty being to follow the thread of the narrative, as her glib tongue runs over whole volumes of unwritten history. She first attracted attention by her eloquence by the persistence with which

she urged a claim of her pending before Congress. Although she met with little success, she did manage to suppress her "Congress," said she. "I was tired of listening before I become tired of speaking." So it happened: for at 10 o'clock she was paid her claim of \$8,000 for pay said to be due her father, Lieutenant Stafford, who served in the Bon Homme Richard, and the little Miss Stafford's rooms are full of relics of the revolution and earlier days. There is a

the nation's grand measure owned by the nation's grandest man. The piece of the court dress worn before the king in England by his wife, Mrs. Rose Standish Johns, John's daughter, was presented to James Bayard Rustad, and a manuscript which "contains the trial of the traitor, John Paul Jones, before the court-martial at Portsmouth, April, 1780, for embezzlement. There is also a boarding sword owned by John Paul Jones, and a memorable engagement between the Serapis and the Bon Homme Richard, fought on September 22, 1779, and captured from the British flag Serapis, September 28, 1779.

There is also the precious treasure among Miss Standish's relics is the flag which aided John Paul Jones to his most brilliant victories. It was in recollecting

THESE SAME STARS AND STRIPES

from the enemy's grasp that Lieutenant Rustad, in 1876, rescued the flag and laid the foundation for his daughter's claim. At present the flag is eight feet seven inches long and three feet six inches in width; the edges, however, give evidence of having been considerably

Miss Stafford characterizes as "more patriotic than honest." There are thirteen stripes, seven of red and six of white. Upon the white stripes, in large letters, is this inscription: "Flag of the Bon Homme Richard and Alliance Frigates." The stars are white on a blue field; they number only twelve.

Before the adoption of the national flag by Congress, some ladies in Philadelphia employed their leisure hours in making a flag, which they presented to the board of marine. Although there were at this time thirteen States in the Union, one of them had not yet sub-

tributed to the articles of confederation ; and as an odd star would destroy the regularity of the field, the good ladies of the Quaker City inserted

ONLY TWELVE STARS IN THE FLAG

which they made. The board of marine presented the flag to John Paul Jones,

who took it with him to the Ranger. It was afterward transferred to the frigate Alliance, and continued to wave over the alternate fortunes of our country till 1794. In that year the Alliance was sold to Robert Morris, and the board of marine resolved to present the historic flag to Lieutenant James Bayard Staf-

ord, in acknowledgment of his meritorious services during the war. The identity of the flag, over which there was some question, has been completely settled, as well by the testimony of those who fought under it as by the report submitted to the House of Representatives in April, 1880, by the com-

Supreme Court.
Court opened at 10 o'clock yesterday morning, all the Justices present. Appeals from the fifth district were called as follows:

Thomas J. Wright vs. R. Hemphill, from Guilford; argued. Scott Holdwell for the plaintiff, and J. A. Gilmer for the defendant.

James O. Latta vs. Riley Vickers, from Orange; continued for want of a party plaintiff, death of plaintiff being suggested.

State vs. Rebecca Ann Lyon, from range; argued. Attorney General Enan for the plaintiff, and Graham & Ruffin for the defendant.

George W. Long vs. Bank of Yanceyville, from Alamance (2 cases); argued. C. S. Parker and A. S. Merrimon for the plaintiff, and Graham & Ruffin for

The session of this court was continued to the conclusion of the argument in the case of *Long vs. Bank of Yanceyville*, after which it adjourned until Monday next at 10 o'clock.

The Green-Blacknall Marriage.
A quiet ceremony was performed at the Yarbrough House yesterday morning. Mr. Geo. Green, Jr., of New Bernie was united in marriage to Miss Mammie, the air daughter of Dr. G. W. Blacknall. No invitations were given except to

the relatives of the bride and groom. Despite this, quite a number of the friends of Dr. Blacknall were present to witness the ceremony, even though the hour was early. The beautiful bride was the recipient of an unusual number of elegant presents. The large piano was literally covered with them. Among the many of

lure were; one dozen each solid silver spoons, teas and dessert spoons, knives and forks, a massive tea service in a large silver waiter also another solid silver tea service, gold and silver salt tubs, a massive winging silver pitcher, and so many other things and gold ornaments that

her silver and gold presents that it seems impossible to make anything other than a silver and golden wedding from this happy union. At 7 o'clock the ceremony was performed and the bridal party took the train for the East at 7:30. The following were the attendants: Miss Mary Greene and Mr. William Williams, Miss Emily Block and

son Olinth; Miss Susie Blackburn and
Fr. P. H. Andrews; Miss Florence
Fucker and Mr. Nat. Street; Miss Bessie
Himes and Mr. James Boylan; Miss
Fanny Lewis and Dr. Hubert Hay-
wood; Miss Olivia Cowper and Mr.
Willie Fuller.

The bride and groom, with the bride's

other, were accompanied to Goldsboro by the attendants, and were safely transferred to the train for Beaufort, at which place they will remain during the summer. After an affecting adieu the waiters waited on each other back to Raleigh on the return train, reaching the city at noon.

JOHN K. WINDER

No Time Like the Old Time
There is no time like the old time, when
you and I were young,
When the buds of April blossomed and
the birds of Spring-time sang!
The garden's brightest glories by Summer
sun are nursed and nurtured,
But, O the sweet, sweet violets, the
flowers that opened first!

There is no place like the old place,
where you and I were born,
Where we lifted up our eyes on the
splendors of the morn!
From the milk-white breast that
warmed us; from the clinging
arms that bore us;
Where the dear eyes glistened or us
that will look on us no more.

There is no friend like the old friend,
who has shared our morning
days!
No greeting like his welcome, no home-
like like his praise!
Fame is the scentless flower, with gau-
dy crown of gold;
But friendship is the breathing rose,
with sweets in every fold.

There is no love like the old, that we
court in our pride;
Though our leaves are falling, falling,
and we're fading side by side;
There are blossoms all around us with
the colors of the dawn,
And we live in borrowed sunshine
when the light of day is gone.

There are no times like the old times—
they shall never be forgot!
There is no place like the old place—
keep grown the dear old spot.
There are no friends like the old friends—
may Heaven prolong their
lives!
There are no loves like the old loves—
and bless our loving wives!
O. W. HOLMES.

BOVINE, MISSISSIPPI, April 22, 1879.
The following correspondence will
explain itself: A. WADDELL, Esq.,
Lynchburg, Va. Dear Sir: I observe
a certificate in your issue in reference
to the "Iron and Alum Mass." of the
Seven Springs, in Washington county,
Va., in relation to its efficacy in curing
diseases, would you have the kindness
to inform me whether you used the
"Mass" or the "Water;" also, a de-
scription of the symptoms and nature of
other information as you may deem
pertinent. I am a long-time sufferer
with Liver Complaint, and naturally
feel very anxious on the subject of a
remedy that will afford me even tem-
porary relief. Your early reply will
greatly oblige, very respectfully,
WILLIAM HARR.

LYNCHBURG, VA., May 12, 1879.—WM.
HARR, Esq., Bovine, Mississippi—Dear
Sir: Your inquiry in regard to the
"Liver case" which was effectually
cured in my family from using the
"Seven Springs Mass," is before me.
The case referred to in my certificate
was that of my wife's sister, who is
now in her 80th year, and has been a
member of my family for the last 27
years. She had been afflicted with
Liver Disease for 30 years, sometimes
almost dying with pains in the back,
breast, and heaviness of the chest,
heart-lungs (intensely), sick stomach,
vomiting, etc. I procured a few bottles
of the "Mass" for her, and very soon
after she began the use of it, her health
commenced to get better, and she con-
tinued steadily to improve, and at this
writing, so old, seemingly in as good
health as a person who had never been
afflicted with these diseases. She at-
tributes her cure entirely to the efficacy
of the "Seven Springs Mass." I regard
it one of the greatest family medicines
we have access to, not only for such
diseases as above indicated, but for va-
rious other complaints for which it is
recommended. Hoping these narrow
columns will be of service to you, I am,
Sir, very truly, A. WADDELL, Proprietor

THE BUFFALO LITHIA SPRINGS.
MECKLENBURG COUNTY, VIRGINIA.

**THE GREAT TONIC AND ALTERNATIVE WATERS OF THE
AMERICAN CONTINENT.**

BUFFALO LITHIA SPRING NO. 3.
The most Valuable and Powerful Tonic Waters of Virginia, and, with one ex-
ception, the most Valuable and Powerful Tonic Water of the United States.

ANALYSIS of this Spring, made by Prof. Wm. P. Toney, of the Maryland Institute,
Baltimore, March 17, 1877. Results expressed in grains per imperial gallon, shows it
to contain 3,774 grains of the Carbonate of Iron, which is recognized by all medical men as
incomparably the most potent and valuable form in which iron can be used as a Tonic.
Comparison of this analysis with that of other chalybeate waters of the American Con-
tinent shows that the Buffalo Lithia Spring No. 3 contains a larger percentage of CARBO-
NATE OF IRON than any other Mineral Water in the United States. Between this
water and chalybeate waters generally there is one important difference. Chalybeate
waters, as a general rule, are ASTRINGENT. The water of Spring No. 3 is APERIENT—
rendered so by the Carbonate of Potash.

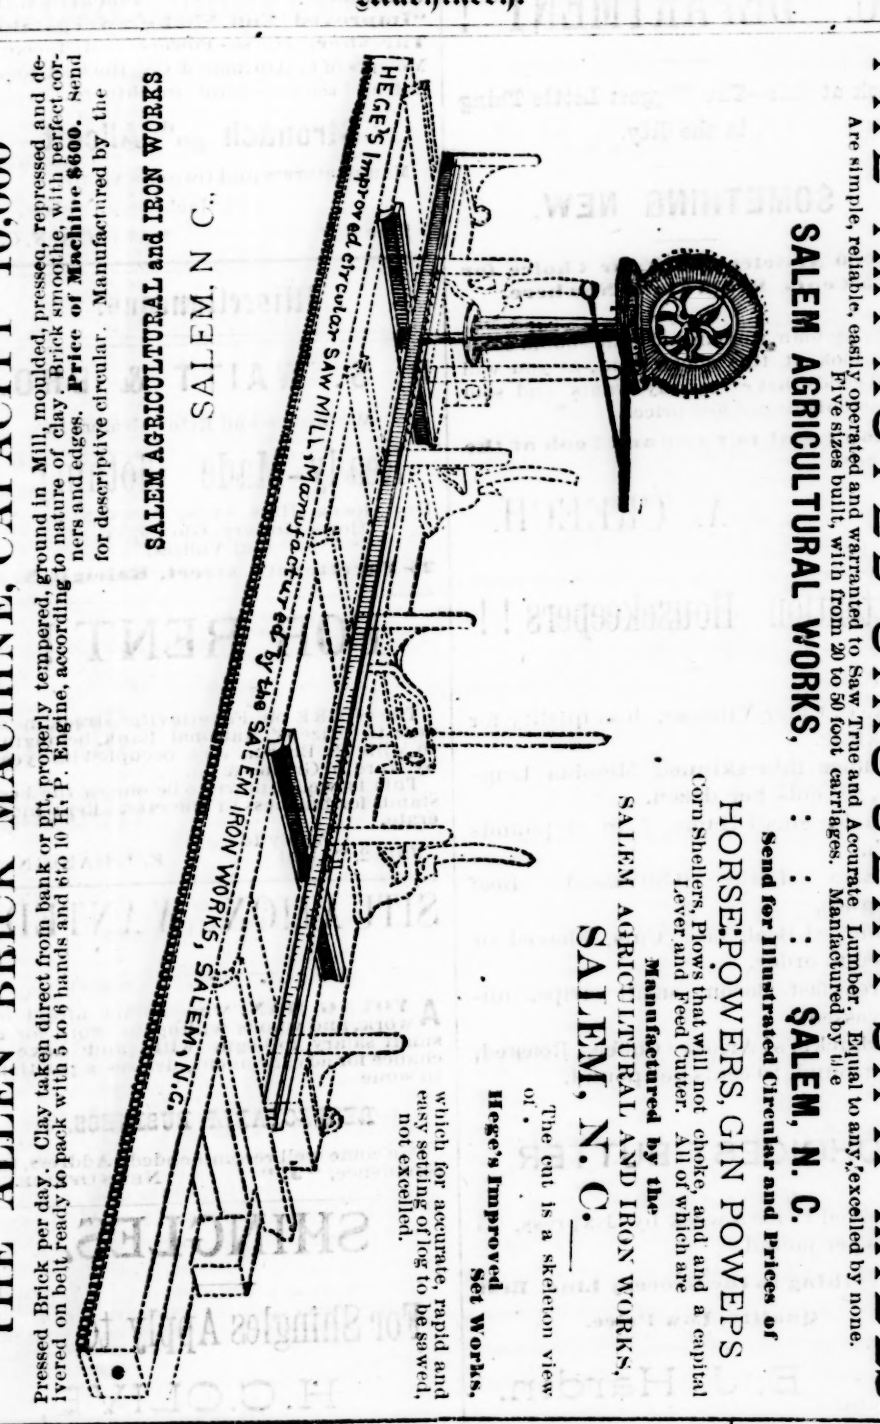

With this powerful Blood Tonic, in conjunction with the famous Buffalo Lithia
Spring No. 2, which contains a larger percentage of the Bi-carbonate of Lithia than any
known Mineral Water, one of the most powerful alternative waters of the world, and to
which is attributed by many eminent medical men a peculiar power as a Nerve Tonic,
it would seem to be a self-evident proposition that these Springs afford inducements to
those in search of health, found nowhere else upon the American Continent.

BUFFALO LITHIA WATER,
As a General Remedy Agent in Chronic Diseases.

It is confidently claimed for these waters, and the claim though a strong one is sub-
stantiated by the testimony of many of the most eminent medical men of the country.
The kidneys and bladder, especially in stone or gravel, dyspepsia, Rheumatic Gout, Rheuma-
tism, Paralysis, Malarial Fevers in their chronic form, Dropsical Effusion, Tremor or
tremor, Chlorosis, Catarrh, Eruptions, and in the Functional Diseases peculiar to
Women, more especially in Disorders of the Menstrual Function. They have accom-
plished results as remarkable as were ever accomplished by any remedial agent whatso-
ever, whether in materia medica or among mineral waters. They are confidently recom-
mended by some eminent medical men as a preventative of the disturbance and dangers
incident to Pregnancy.

These waters, in cases of the dozen half gallon bottles, \$5 per case at the Springs. Pam-
phlets sent to any address. Springs open for guests last day of June.

Sparkling Catawba Springs,
CATAWBA CO., N. C.

This desirable watering place will be
open for select visitors 24th May, 1879. The
Springs are situated near Hickory Station,
on the Western North Carolina Railroad.
The bracing mountain atmosphere, with
the health restoring properties of their wa-
ters, renders these Springs a most desirable
resort for invalids and pleasure seekers.
The mineral waters embrace Blue and
White Sulphur and Chalybeate. It is the
best and most extensively fitted up wa-
tering place in the State, and can accom-
modate three hundred persons.
A good band of music will remain at the
Springs during the season, and all the con-
veniences will meet the trains daily at
Hickory Station, to convey visitors to the
Springs.
BOAT RIDE—\$2 per day; \$30 per month. Re-
duced rates for families. Invalids can have
the advantage of four different mineral
waters, warm and cold baths, Turkish, hot-
air, vapor and medicinal baths, and much
more.
